Artificial Intelligence Policy

Prof. Jack Reilly

S2026

Think:

- *What kind of world are we heading to with the advent of higher and higher level artificial intelligence systems? What role do policymakers have shaping that world, and with what policies?*

 Tip

- “ Read”, “ Listen”, and/or “ Watch” items are required content for the day, and should be read/heard/watched before class on that day.
- “ Browse” items should be briefly looked at but do not need to be read deeply unless you want to
- “ Additional Resources” do not need to be looked at; they are there to serve, if useful, as further references for your debates, final projects, and general edification later.
